### 92ND DIVISION MAKES PROUD RECORD IN FRANCE

Gallant Colored Fighting Machine Wins Plaudits for Successful Raids Against Germans in "No Man's Land"—Is Capably Led by Colored Commanders.

By Ralph W. Tyler, Accredited Representative of the Committee on Public Information.

#### Article VII.

Somewhere in France.—The colored people back in America can well feel proud of the record made by the 92nd Division over here, which has about 600 colored line officers, and whose rank and file is composed exclusively of colored soldiers. Here is the record of the 92nd as a combatant regiment up to November 8, 1918:

When the Marbache sector was taken over by the 92nd Division of "Black Devils," as the Germans call them, "No Man's Land" was owned by the Germans, and here they were aggressively on the offensive. They, the Germans, held Belle Farm, Bois De Tete D'Or, Bois De Frehaut, Volrotte Farm, Voirette Woods, Bois De Cheminot, and Moulon Brook. The constantly aggressive action of patrols, day and night, from the 92nd has resulted in many casualties to the Germans, and the capture of many prisoners.

Each of the places named above has been raided, as has also Epley, and

by plowing the right side of the Lincoln line, Western was held for three downs and punted. Johnny Smith, Lincoln right end, fumbled the kick, the ball going beyond the Lincoln goal line, and just as he picked the ball up to make a broken field run, Russell, Western left end, tackled him, downing him behind his goal line and giving Western the points which eventually won the game. From then on, Lincoln was simply outclassed.

#### Last Half.

When play first began, Lincoln High attempted to uncork several trick plays but lost ground on each of them; while Western had played straight football, plowing the Lincoln line at will. So when the second half began, Coach Taylor's men resorted to old style football, but his team had been beaten. In the third quarter his comeback stunt would not work, and the ball was mainly in possession of Western University.

The fourth quarter opened with Lincoln High making a last desperate effort to retrieve victory. Another fifteen yard penalty and a first down put the ball within Western's five-yard line. It was first down and goal to gain; but the battered and worn Lincoln High eleven lacked the punch that would have sent the ball over and given them the victory. With but two yards to go, and victory, they were held for downs. The ball went over and Western University carried it through the Lincoln line for a distance of seventy yards in four downs.

patrols from the Division have penetrated north nearly to the east and west line through Pagny. The Germans have been driven north beyond Frehaut and Voirette to Cheminot bridge and in his desperation the Hun is attempting to destroy the Sellaie Bridge, after having flooded the Sellaie, proving conclusively that he regards the black troops that compose the 92nd Division as one he cannot successfully withstand. West of the Sellaie river excellent results have followed the energetic offensive action of this doughty wing of the Allied Army, the Germans losing heavily in killed and wounded and prisoners. In nearly every instance, these raids made by troops of this Division have been made under the command of colored line officers.

This record made by these colored soldiers must, of necessity, arouse the greatest enthusiasm back in "The States" and merit the plaudits of the race for the gallant fighting machine. So wonderful have been the achievements of the 92nd that the Division Commander was impelled to send out a bulletin of congratulation, to be read before each unit of the Division. This proud record must forever set at rest the question of colored soldiers following and fighting under their own officers, and it must forever establish the efficiency of colored officers, who have done splendidly under the most trying circumstances.

**WESTERN UNIVERSITY DEFEATS LINCOLN HIGH.**

By Louis R. Lautier.

The much vaunted Lincoln High School eleven met its Waterloo at the hands of the Western University football squad when the Blue and Gold eleven upset the dope and handed Lincoln High a defeat to the tune of 2 to 0 on the muddy gridiron at Association Park, Friday, November 29.

This was their annual classic, and the followers of the two camps were out in full force to root for their favorite, Lincoln High having its band on hand but not to cheer them on to victory.

Western won the toss and chose to receive the ball, Lincoln getting the choice of goals. After the first skirmishes were over Western was forced to kick the mud laden pigskin, which went not over ten feet. Lincoln then, amid the wild cheers of their followers, carried the fight into Western's territory and was aided by a fifteen-yard penalty, which put the ball on Western's ten-yard line; but Lincoln was held for downs and the ball went over.

**Western Makes a Safety.**

The second quarter opened with Western madly ripping the Lincoln line. After gaining about thirty yards

the game ended with the Lincoln line only twenty-five yards away and the Lincoln team exhausted, time alone saving them from lining up under their goal.

The lineup of the two teams was as follows:

**West'n U. Positions. Lincoln Hi.**

Russell ..... L. E. .... J. Smith A. Johnson ..... L. T. .... Hobbs Bruner ..... L. G. .... Halthman Martin ..... C. .... Page Blanton ..... R. G. .... Singleton Howard ..... R. T. .... Perry Bryant ..... R. E. .... Miller Wilson ..... Q. B. .... C. Smith capt. Greene ..... L. H. B. .... Hicks Patton ..... R. H. B. .... J. Taylor Washington ..... F. B. .... M. Taylor

**Substitutions: Western—Johnson for Washington; Wells for Howard. Kahler was referee.**

**BURIAL OF COLORED SOLDIER AT SEA.**

Washington, D. C., Dec. 4.—Dr. Thomas Jesse Jones, who recently went to France, under the auspices of the Y. M. C. A., has just sent Mr. Emmett J. Scott, Special Assistant, War Department, the following account of the burial of a colored soldier at sea:

A colored soldier was buried at sea today. The flags on all the ships of the fleet have been at half-mast all day. It matters not that the soldier came from a lowly cabin. It matters not that his skin is black. He is a soldier in the army of the United States and he was on his way to fight for Democracy and Civilization.

The announcement of his death was signalled to every commander and every ship prepared to do honor to the colored soldier. As the sun was setting in the West, the guard of honor, including all the officers from the commander to the private, came to attention. The body of the Negro trooper wrapped in the American flag, was tenderly carried to the stern of the ship. The chaplain read the solemn burial service. The engines of the fleet were checked. The troop ship was stopped for the only time in the long trip from America to Europe. The bugle sounded taps and the body of the American soldier was committed to the great ocean and to God.

The comradeship of the solemn occasion was the comradeship of real Democracy. There was neither black nor white, North nor South, rich nor poor. All united in rendering honor to the Negro soldier who died in the service of humanity.

Mr. C. B. Hosmer, Fiscal Agent for Tuskegee Institute, Ala., was a pleasant caller at The Sun office.

### THE INTERSTATE LITERARY ASSOCIATION OF KANSAS AND THE WEST.

The Twenty-eighth Annual Session of the Association will be held in Wichita, Kansas, on Thursday, Friday and Saturday, December 26, 27 and 28, 1918. Every effort is being made to make this session historic. Twenty-seven years having elapsed since, in Topeka, the Association was organized, the Executive Committee desires the active, co-operative support of all societies, that a program may be presented commensurate with the occasion; thus making this session a celebration. It is desired that every person keep this idea in view.

There will be many new features this year, including a symposium in which the Presidents of all colored colleges of the Middle West have been asked to serve. Further, the Hon. James Weldon Johnson of New York will address this meeting.

There should be no reason so great that the attendance will suffer. The great war demands that the darker races should preserve their educational societies; that the intellectual elements should not be crushed out, but that they might receive the most scrupulous attention in view of the fact that a reconstruction period must follow this conflict.

Getting behind the Interstate simply means that you are furnishing the stimulus for inspiration and encouragement—a thing every colored person needs in these trying times.

Reasonable rates are offered. The cost of boarding and rooming facilities will not exceed one dollar and a half (\$1.50) a day.

Any literary society, debating club, or other organization rendering programs of a literary or musical character is eligible to membership, and will be admitted upon sending to the Corresponding Secretary on or before December first, the name of the organization and city in which such society is located. If not on the roster of the 1917 session, a membership fee of \$1.50 must be paid. Societies recorded at the 1917 session retain their membership, by sending the Corresponding Secretary \$1.00 on or before December 1, 1918. Each society thus enrolled is entitled to three delegates and to be further represented by one of this number on program.

Contests—One evening will be given over to contests in oratory, original poetry, original music, and declamation. To the winners, first and second prizes will be awarded. These contests will be open to anyone except persons graduating in any of the above branches.

Rules. 1—Program number must be sent to the Corresponding Secretary on or before December 1, 1918, that they may reach the Executive Committee before the time set to arrange the program, otherwise they will not be printed. 2—All papers are limited to ten minutes.

If your society is not in session, convene it. If no society, organize one. Help us to help our people.

While the literary program will be the most important feature of the session, the social side of life will not be overlooked.

### A WORTHY APPEAL.

The National Race Congress of America at its last annual meeting, October 1, 2, 3, authorized that a Commission be sent to France at the earliest possible date to cheer and encourage our soldier boys over there and to contribute in whatever way they can to their comfort and welfare.

All checks or money orders for this purpose should be made payable to A. A. Graham, corresponding and financial secretary, who will promptly acknowledge with official receipt. The money should be sent to A. A. Graham, Box 177, Phoenix, Va., or Headquarters, 903 Third Street, N. W., Washington, D. C. In order to get the commission over there at an early date it should be in hand by December 1, 1918.

We earnestly pray that every unit of our congress, that the churches and lodges throughout the country and every one interested in the welfare of our soldiers in France will respond to this appeal at once. We call upon pastors especially to put this matter before churches.
